

A detailed illustration of bamboo stalks and leaves. The stalks are green with visible nodes and are positioned vertically on the left side of the image. The leaves are also green, some showing detailed vein patterns, and are scattered around the stalks, extending towards the right.

Special opportunity for MITA members

Hay Group offers all MITA members a **10% discount** off of new orders of our standard, non-consulting products.* These products span three categories, Pay, Talent and Effectiveness, and are listed below:

Pay: PayNet; Reward Pinpoint; Reward Snapshot; Total Remuneration Statements; Job Evaluation Manager

Talent: TalentQ recruitment assessment; Emotional and Social Competency Inventory assessments; Growth Factors Inventory assessments; Organizational Climate Survey; Inventory of Leadership Styles assessments

Effectiveness: Measure the engagement and enablement of your employees with Hay Group's Employee Effectiveness Surveys

Learn more about Hay Group's products here: <http://web.haygroup.com/MITA>

* This offer cannot be applied retroactively or to renewals, and does not apply to the MITA Medical Device Compensation Survey results.
